

Cognitive Behavioural Therapy Training

CBT is a structured therapy which involves the use of exercises and tools to work practically with individuals to assist them to alleviate distress and become more functional. CBT recognises that the way we think influences behaviour, and unhelpful thoughts (cognitions) sometimes lead on to negative feelings and dysfunctional behaviours.

Day 1: Introduction to CBT – Thursday 14th September 2017

Day 2: Intermediate CBT – Friday 15th September 2017

Cost: \$220 + GST per day

Time: 9.30am to 4.00pm both days

- Resource materials supplied
- Morning and afternoon tea provided
- Attend one or both days

Trainer: Dr Sean Sullivan

Venue: Held at a central Auckland location, to be confirmed.

DAPAANZ points are applicable for **DAPAANZ** members (15 points per day)

Dr Sullivan is a registered psychologist specialising in addictions, research and therapy training (Motivational Interviewing & CBT), and maintains a current caseload of clients. His Doctorate from the Dept. of General Practice & Primary Health Care (Auckland) involved the development of a brief GP screen for problem gambling. He has been instrumental in the development of problem gambling treatment services in New Zealand.

His experience includes being a lecturer and researcher at Auckland Medical School, Wellington Institute of Technology (WelTech), Auckland University of Technology (AUT) and as guest lecturer at other tertiary institutions.
